## FOR IMMEDIATE RELEASE

### **Lane Closures Expected on State Route 23 (Westlake Blvd.) in Thousand Oaks for Sidewalk Repair Project**

*Construction Starts Feb. 5 on Westlake Blvd. Between Townsgate Road and Bridgegate Street*

THOUSAND OAKS — The California Department of Transportation (Caltrans) advises the public to expect intermittent lane closures on State Route 23 (Westlake Boulevard) in the city of Thousand Oaks due to sidewalk repairs.

Beginning Monday, Feb. 5, crews will replace damaged sections of sidewalk on both sides of Westlake Boulevard between Townsgate Road and Bridgegate Street.

When the construction is underway, the right lane adjacent to the work area will be closed for the safety of workers and travelers. The closures will occur intermittently between 8 a.m. and 4 p.m. on weekdays. No weekend work is anticipated.

The project is expected to be finished by the end of March. The schedule is weather-permitting and subject to change.

Damaged sections of sidewalk will be replaced with concrete and pour-in-place rubber surfacing. On the west side of Westlake Boulevard, the work will take place between Hampshire Road and Bridgegate Street. On the east side of Westlake Boulevard, the work will be located between Townsgate Road and Agoura Road, and also between Triunfo Canyon Road and Bridgegate Street.

STL Landscape Inc., of Los Angeles, is the contractor on the \$197,000 project, which is being paid for with state funds.

Caltrans reminds drivers to “Be Work Zone Alert” and “Slow for the Cone Zone.”
